## PROVISIONS OF PLEDGE

Growers Must Determine on the  
Cut-Out Order of Lexington  
Convention by Jan. 14

## MEETING AT COUNTY SEATS

President June Gayle Issues Call  
to the Burley Growers for  
Next Saturday

President June Gayle and the Executive Committee of the newly created Burley Tobacco Union Saturday opened temporary headquarters in the Central Hotel, in Lexington, issued a call to growers to meet at the various county seats next Saturday to act upon the 1911 cut out order of the convention, drafted a cut out pledge to be signed and extended an invitation to the executive officers of the Burley Tobacco Society, the American Society of Equity and the Farmers' Union to meet with them in consultation at an early date.

Bradley Wilson, formerly of Hopkins county and for years a Director in the Dark Tobacco Association, was placed in charge of the cut out campaign, with C. E. Tate, of Stanford; T. Scott Mays, of Springfield; Perry Minor, of Owenton, and M. H. Froman of Carrollton, as other members of the Campaign Committee.

The call of President Gayle, approved by the Executive Committee, is addressed "To the tobacco growers of the Burley tobacco district," and calls a meeting of all tobacco growers to be held at the county seats of all tobacco growing counties in the Burley district on Saturday, January 14, 1911, to sign the cut out pledge.

The pledge the growers will be asked to sign was drafted by Messrs. James K. Middleton, of Shelbyville; A. W. Hamilton, of Mt. Sterling, and A. G. Turnipseed, of Cincinnati, as follows:

"I agree not to grow any tobacco personally, by tenant, or agent, nor to permit any tobacco to be grown on any land which I own or control during the year of 1911.

"This agreement shall not be binding unless in the judgment of the Executive Boards of both the Burley Tobacco Union and the Burley Tobacco Society a sufficient per cent is pledged to insure a successful cut out of the crop of 1911, and unless said cut out is officially declared by the Executive Boards of both the Burley Tobacco Union and the Burley Tobacco Society before the 15th day of February, 1911."

The Burley tobacco growers, reconvening the convention at Lexington Friday decided upon a sixty-day temporary organization at end of that time by popular vote and prepared tentative draft of articles of incorporation for the new organization which will be known as the "Burley Tobacco Union," the name having been unanimously selected at Friday's session.

According to the plan for permanent organization adopted on motion of W. C. McCord, of Washington county, the growers are to meet in their respective precincts, elect a delegate to the County Board of Control. This board to meet later and elect a county chairman who will be a member of Advisory Board or Union Board of Control. The Advisory Board is to be composed of the president and county chairmen and authority to sell tobacco is rested only in this board.

The chairman of each county board of the temporary organization report-inz was empowered to sign articles of incorporation as soon as they are completed.

## Hurts Mrs. Newlywed.

It pains a girl terribly after she is married to discover that her husband really prefers corned beef and cabbage to those delightful little chafing dish things.

## Refused to Pay Fare.

Charged with trespassing on the property of the Louisville & Nashville railroad G. H. Johnson and Waller Krauss, white, giving Cincinnati as their place of residence were arrested by the company's private detectives yesterday and turned over to Chief of Police Elgin after they had been put off of a passenger train for refusing to pay their fares. In Police Court yesterday afternoon Judge E. B. January assessed each a fine of \$17.50, to be paid or worked out at hard labor.

The case of Mason Turner, charged with cutting Luther Herrington was continued until this morning. The men are brothers-in-law and the cutting was a result of a family quarrel which took place Saturday night at their home on West street. They were arrested by Officer Link.

Grant Brown was fined \$7.50 for disorderly conduct, and the case against Reed, charged with loitering was dismissed.

Vaughn, who has been missing since the Civil War and who was believed to have been killed at the battle of Franklin, Ky. At the outbreak of hostilities he ran away from his home at Manchester, O., and enlisted in the Union army at Maysville. When the war closed he remained in the South for a time later locating at Hocker's Bluff, Ark., where he now resides and is doing well.

## Rockcastle Student to Oxford.

Allen Barnett, aged twenty-two, son of J. H. Barnett, of Rockcastle, Ky., a student at Georgetown College, was selected Friday by the Rhodes Scholarship Commission as the next student to represent Kentucky at Oxford University, England. Barnett is an athlete of no mean ability, but despite his activities in football and baseball, has been a diligent student. He was graduated at Georgetown in 1910 with an A. B. degree and is taking a post graduate course with an A. M. degree in view this season. There were five eligible students to select from, but only two formal applicants, the other one being E. Russell Palmer, now at Dartmouth.

## L. &amp; N. Earnings.

Gross earnings of the Louisville and Nashville in November increased \$330,476, but net decreased \$210,636, because of an increase in operating expenses of \$541,172. For the five months ended November 30 the operating income of the road has decreased \$1,553,772.

## Some Statistics.

The Louisville Times recently published some figure taken from the census and other official sources in regard to the "wet" and "dry" counties of Kentucky. There are ninety-two counties in the State in which liquor can not be sold legally. Of these ninety-two counties, seventy-four are what is known as pauper counties, in that they receive more money from the State each year than they pay into the State Treasury. Statisticians show they receive \$750,361 more than they pay into the State Treasury.

There are twenty counties, each having one town in which liquor is legally sold and this includes Bourbon. These counties pay into the Treasury \$2,788,712 more than they take out. Seven other counties are all wet or practically so. These counties pay into the Treasury \$1,337,333. It will be seen that a large majority of the pauper counties local option prevails, while in a large majority of revenue counties liquor is legally sold.

## Ruling in Bracken Cases.

An order was entered in the Federal Court at Covington Friday.

In the case of W. S. Henderson against Ben Jordan and others. The case is the famous "night-rider" suit in which the plaintiff was seeking damages from seventeen tobacco growers of Bracken county.

About ten days ago Judge A. M. J. Cochran handed down an opinion granting a new trial to six of the defendants, but saying he would overrule the motion in the case of the others, if the plaintiffs would agree to accept a judgment of \$5,000. The attorneys for the plaintiffs, however entered a bill of remittance for the \$1,000 and the order of judgment for \$5,000 was entered.

The defendants' attorneys asked for an extension of sixty days in which to prepare a motion for an appeal, which was granted.
